Tenders for the work of Duplicating the Malleswaram Main Sewer

SIR

Adverting to Government Order No L 8308-11/M1 81-43-26 dated 12th February 1944 sanctioning the cancellation of the accepted tender of Messrs N Nanjundiah & Sons , for the above work, I have the honour to state that tenders were called, fixing 3rd April 1944 as the last date for receipt of tenders Two tenders have been received, one from Mr A R Doraswamy Iyengar for Rs 99,516/-and the other from Messrs R A Rajagopal and M Shama Rao for Rs 1,21,833/-. Mr Doraswamy Iyengar has stipulated two conditions in his tender (1) that the rates quoted are current only for one month from date (viz ,3 4 44) for acceptance of tender and that an increase of 12½ per cent of his tendered rates after one month must be paid for (2) that the rates quoted by him are based on the current rates of stone ware pipes of the Mysore Stoneware pipes and Potteries and the current rate of cement, and that any subsequent increase in pipes and specials and cement must be paid for

The tenders and the comparative statement with a copy of letter No 300 dated 5 4 1944 of the Special Officer are enclosed

The net excess of the tendered cost over the estimated cost of work portion is Rs 42,066 due to increase in cost of pipes, cement etc , Out of this excess Rs 23,000/- is due to pipes alone, as explained in the letter of the Special Officer The excess will be met out of the general savings in the comprehensive scheme for Rs 41,00,000/-

Since the lower tenderer Mr A R Doraswamy Iyengar has stipulated that the rates quoted by him are current only for one month from 3 4 1944 Orders have to be communicated to the party before the 3rd

May 1944

Any subsequent increase in the Stores Purchase Committee rates for pipes and cement will have to be paid for as stipulated by the tenderer

I request you to be so good as to obtain and convey immediate orders of Government accepting the lower tender of Mr A R, Dorawwamy Iyengar and approval to payment of any subsequent increase in the Stores Purchase Committee rates for pipes and cement

I have the honour to be,

Sir,

Your most obedient servant,

DIRECTOR OF PUBLIC HEALTH

Letter No 300 dated 5 4 1944 from the Special Officer, Bangalore City Drainage Division to the Director of Public Health in Mysore, Bangalore

Re Duplicating Malleswram main sanctioned in G O No I 11314-7/M1 90-42-59 dated 20 5 1943 — Amount of estimate Rs 96,045/-

I have the honour to state that as sanctioned in G O No I 8308-M1 81-43-26 dated 12 2 1944, the contract of Messrs N Nanjundaiah and Sons for the above work was cancelled and fresh tenders were called for in response to which two tenders from the marginally noted contractors were received It can be seen from the original tenders and the comparative statement herewith submitted, that the tender of Mr A R Doreswamy Iyengar, for Rs 99,516/- is the lower of the two and the same is recommended for kind acceptance

1 Mr A R Doraswamy Iyengar
2 Messrs R A Rajagopal and M Shama Rao

As explained in the comparative statement, the net excess of the tendered cost over the estimated cost of the work portion is Rs 42,066 which is due to the increase in cost of pipes, cement, labour and in fact all the materials, required for drainage works It is apparent from the statement furnished below that Rs 23,000/- excess is due to pipes alone The excess in cost in the case of cement, bricks, labour etc , cannot be worked out at this stage The excess will be met out of the general savings in the Comprehen sive scheme for Rs 41,00,000/- The entire cost of the work will be debited to the Government Grants allotted for the year and Municipal contribution available and the estimate will be revised as per actuals after the work is completed

Since in his tender Mr A R Doreswamy Iyengar has laid the condition that the rates are current for only one month from 3 4 1944 and if the tender is not accepted within that time, an increase of 12½ per cent on the rates should be paid, I request that orders of Government may be kindly obtained and communicated within that time so that further complications in the matter may be avoided

As regards the other condition about the increase of rates in pipes and cement over the present rates, I consider that any increase in the S P C rates for pipes and cement will have

to be paid This point may also be kindly got approved

Pipes	Old Rate	Present Rate each of 2 ft	Excess	Qty	Cost
18" Diam	13 8 0	21 0 0 each	7 8 0	1880	14,100/-
